

Health Foundation of South Florida wants to know...

Need grant support for a project in any of these four priority areas?

Healthy Lifestyles

- Increasing physical activity
- Improving eating habits
- Adopting policy and system changes
- Adopting an evidence-based program

Oral Health

- Expanding oral health services
- Providing dental sealants
- Providing varnishes

Preventive Health Measures

- Expanding screenings for breast, cervical or colorectal cancer
- Expanding cholesterol and hypertension screenings
- Providing outreach and education

Primary Care

- Improving care integration and coordination
- Improving clinic efficiency
- Improving chronic care management
- Expanding primary care services

Health Foundation invites you to apply for a grant if you have a project that is focused on improving the health status of underserved populations in Broward, Miami-Dade and Monroe Counties.

- Preliminary grant proposals due by Monday, August 2
- Invitations for full proposals sent by Friday, August 20
- Full proposals due by Friday, September 24

Health Foundation's preliminary proposal form is available on our Web site: www.hfsf.org

Our online process walks you through the electronic application. It has features that make the process simple: a quiz to let you know if you are eligible and an easy to complete question and answer format. You can even save a partially completed application and return to it later.
